1. On 9 June 1969, I in my capacity of contract monitor, asked that you briefly describe your standard operating procedures and outline the current major PI image analysis problems for [REDACTED]. You will recall that I explained that we in the TSSG/APSD have a contract with the [REDACTED] for the development of standard evaluation procedures that will, among other things, correlate image quality with PI suitability.

2. The response by IEG was outstanding. The schedule of briefings arranged by you covered many aspects of the interface between photo science and photo interpretation. Additionally, the professional manner and expertise displayed by each briefer made for a most comprehensive, compatible package.
